CODE CHANGE

Shortly after you receive this newsletter the code on the locks will be changed. The new code will be ****. Please remember to lock the club when you leave and don't leave the locks with the code set when you take them off! Please also remember to shut the gate behind you when you enter or leave the ground – the gate should be shut whilst you are shooting.

EMERGENCY MEETING POINT

As part of the risk assessment for the ground it is necessary to designate a meeting point to be used in the event of an emergency. It has been decided that this should be the equipment container next to the gate. Fingers crossed we'll never need it!

T SHIRTS

Another order of club T shirts is being considered. If you'd like one (or more) can you please contact me to let me know what size you're interested in. The level of interest will determine whether it is worth us putting an order in so please be sure to tell me!

CLUB NIGHTS

As I'm sure you're aware Tuesdays & Thursdays are our club nights, so we'd love to see you down at the ground. The hope is that the coaches will try and be around on these nights to help you perfect your shooting so make use of them!

Whilst you are enjoying the club nights can I remind you all not to get too friendly with one another. There should be a maximum of 4 archers only shooting per boss, any more than that then it really is time to get another one out and space out a bit more!

BOGLET CELEBRATES JAWS SUCCESS

BOGLET Zoë Smethurst has been celebrating her success in the GNAS JAWS scheme.

Zoë has been awarded a certificate and a badge for achieving 95th place in the scheme which is run country wide. She was one of only three Leicestershire based archers taking part this time.

Points are awarded over a calendar year for shoots, Rose/FITA stars, classifications and representation for county and beyond.

Zoë is already logging her scores for this season so as to improve on her placing for 2010.

COUNTY SQUAD

Congratulations to Amy Spicknell, Zoe Smethurst, Steve Naylor and Arif Takey who've all been selected to shoot for the County this year. A big well done all round!

COACHING

Well done to Amy Spicknell who becomes the latest addition to our coaching line up having recently qualified as a Junior Assistant Coach – congratulations!

UPCOMING TOURNAMENTS

We have the last pair of our open tournaments happening on Saturday 18th & Sunday 19th September. As ever, all help is appreciated even if you can only spare an hour – you don't have to give us the whole day! If you can lend a hand please contact either Chris or Richard Hennessy.

FISHING

There is a fishing day being organised and all are welcome. I'm told there is a team contest going on although there are no rules and you can change sides at any time. Contact either Chris Hennessy or Sarah Spicknell if you're interested. Apparently Chris is currently winning so you may have to lend a hand to Richard!

THANKS

Thanks to Ken Smith, Terry Jobson & Ken Garner for fixing the plumbing leaks in the clubhouse that had cropped up during the winter. The supply will be kept turned off (except when needed for shoots, etc.) during the winter to stop freezing water cracking the pipes again.

Thanks also to Terry Jobson & Tom Everett for getting all the equipment back to the club following the end of the indoor season.

We've also done a lot of Try Archery's recently, with a lot more to take place in the coming weeks, thanks go to those who've helped make these a great success.

That's all for this time,

Mark
